

Finance Analyst - Sourcing (m/f)

Job No. 3095939, Austria; Jenbach

About us

This position is based in the center of the Alps, in Tyrol - a region that provides a pleasant variety of recreational opportunities and a high quality of life. We are passionate about making life better with new ideas and technologies. You can expect to join a diverse team, which offers comprehensive and international career opportunities and is known for leadership development. Our 1,500 employees at our location Jenbach are working in a collaborative way to power the future. GE's reciprocating engines business sets an industry standard for fuel flexibility, lower emissions and higher efficiency. It specializes in developing local power near or at the point of use and gas compression solutions that deliver environmental friendly, more efficient, more affordable power to customers around the world.

Responsibilities

- Support the development of operating plans, Blueprint, SII and other forecasts and reviews (income statement and cash)
- Provide timely analytics to the Sourcing operating teams around cash performance and identify incremental opportunities
- Drive the pacing of cash disbursements with the Jenbach & Waukesha businesses
- Maintain and simplify Distributed Power Sourcing Dashboard
- Support Product Cost Out cross functionally with FP&A, Product Line and Sourcing teams to validate the Product Cost Savings initiatives and ensure that savings are recognized in the P&L

Qualifications

- Bachelor's Degree from an accredited college or university, Master Degree in Finance or related
- some years of experience in a financial position preferred

Desired Characteristics

- Flexible self-starter, high energy, strong work ethic, problem solver
- Strong communication and presentation skills, written and verbal
- Direct and/ or indirect leadership experience
- High ethics and integrity

For this position, the minimum salary based on the collective agreement is EUR 2785.54 gross per month. We will be pleased to discuss the appropriate effective salary based on your qualifications and experience.

We look forward to receiving your [online application!](#)
